

Electronic Survey Plan Process Direction to British Columbia Land Surveyors

**Subject: POSTING PLANS
Completion of Application to Deposit Plan at Land Title Office Form**

All plans, including posting plans, must be accompanied by an Application Form when submitted to the Electronic Filing System (EFS) for filing into Land Title Registry.

Although there are no applicable Land Title Office fees for filing posting plans, the "Deduct LTO Fees?" box in section 1 on the Application Form must remain checked for EFS to properly process your plan application. This is shown on the [sample Application Form which you can view here](#).

Fees are determined based on the information provided in Section 3 on the Application Form; therefore, by choosing *Posting Plan* in that section, the system determines that no fee applies.

Please contact us if you have any questions.

Thank you.

Jeff Beddoes, BCLS, CLS
Senior Deputy Surveyor General
