CIRCULAR LETTER TO ALL BRITISH COLUMBIA LAND SURVEYORS

Re: Highways and Forest Roads over Crown Land

Where a plan of a highway or forest road survey deals with both titled and untitled land, the plan shall be prepared pursuant to the General Survey Instructions for highway surveys for deposit in the appropriate Land Title Office. A signature block shall be provided as outlined in Circular Letters #343 and #353, in addition to those required for the owners of the private land.

Plans which deal only with untitled land will henceforth be filed only in this office. They shall be prepared according to the General Survey Instructions for highway surveys except that the Registrar's plan number and signature block is not required and titles should be similar to the following:

Survey Plan of Road through District Lots 1234 and 5678  
and Unsurveyed Crown Land, all of Kootenay District

No signature block should be draughted on plans dealing solely with untitled lands as they will be confirmed as Official Plans under the Land Act.

Block outline surveys of highways over untitled lands will be processed by this office in a manner similar to that outlined in Circular Letter #351.

Yours sincerely,

D. A. DUFFY  
Surveyor General  
and Director
